# What makes Safco unique?

Our product offering can work for just about any school, budget, and environment to deliver what matters most—increasing student engagement and learning.

### Spaces that motivate

How we learn is rapidly evolving, with a shift toward experiential learning. This approach embraces learning from all around us—anytime, anywhere—and is no longer limited to the traditional classroom setting.

Experiential learning is transforming our approach to designing educational spaces. Designers and educators are seeking innovative solutions to encourage students to collaborate and engage in fresh, dynamic ways.

### Benefits of experiential learning

**PROMOTES INTERACTION** 

**INCREASES ENGAGEMENT** 

**IMPROVES CONFIDENCE** 

**BOOSTS ACHIEVEMENT** 

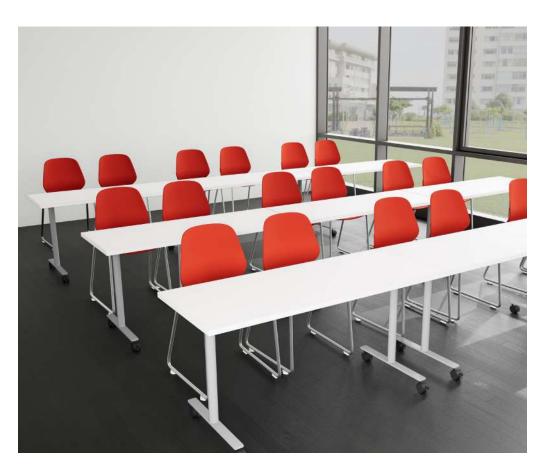

# When spaces flex, learning thrives

Today's teaching and learning styles need to flex fast with seating and tables that are easy to move.

# Spaces that break free.

Safco offers flexible and approachable solutions to create engaging, student-centered spaces that break free from traditional classroom constraints.

### **Public Spaces**

Combine **Jurni** café tables and **Arcozi** seating alongside the **Movvi** collection to create a versatile seating option, perfect for both casual and collaborative environments.

Bring color and continuity to any space with the **Arcozi** seating collection. This full-line collection is designed to support a wide range of applications, perfect for today's modern spaces and classroom environments.

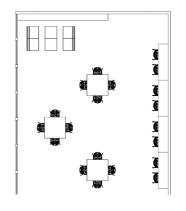

Choose **Arcozi** seating with a poly seat for easy cleaning and durability, or opt for an upholstered seat for added comfort and a soft, inviting feel.

Create endless seating possibilities with **Movvi**. Seamlessly configure spaces to suit your needs with adaptable modules.

### Library & Resource Center

The **Jurni** table collection offers leg and base options to compliment your style choices.

Create inviting seating zones for small groups or individual study. Easily reconfigure your space with **Movvi's** modular design, allowing for quick and flexible seating arrangements.

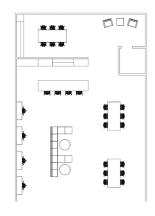

By combining café, bar, and bistro tables, you can create both individual and group seating zones that offer flexibility and style for students. **Arcozi** seating ties the space together, creating a cohesive and complete environment.

Play with color and style using **Arcozi's** artful two- and three-tone configurations, adding dynamic flair to any space.

### Café & Bistro

Combine the **Jurni** table and **Arcozi** task chair for an instant work area that's simple and functional.

Stacking sled bases offer a sleek design and sturdy support.

**Arcozi's** vibrant color options make it easy to bring your brand or school mascot to life, adding a fun, personalized touch to any space.

Highlighting the sleek X-base design, the **Jurni** table adds a modern touch to gathering areas.

# Learn by Doing.

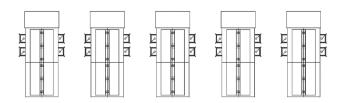

TechWorks supports educational institutions with durable, flexible, and mobile solutions for learning labs and maker spaces that empower students to design, experiment, and innovate.

### Lab & Science

**TechWorks** offers benching stations and accessories that optimize space, deliver exceptional strength, and provide unmatched load-bearing capabilities for rigorous experiments and testing.

A range of power stations provides convenient access to power for all your devices, tailored to your specific needs.

**TechWorks** shelving offers strong and durable storage for supplies and equipment, with fixed or tilted options in various sizes to accommodate your needs—supporting up to 200-250lbs.

Create storage centers with drawers and cubbies.

### Science, Technology, Engineering, Math

**TechWorks** is designed with STEM activities in mind, creating layouts where teams can come together to share resources, space, and ideas. By fostering collaboration and supporting efficient workflows, TechWorks helps drive productivity while promoting well-being in learning and lab environments.

### Going deeper with TechWorks

#### **TechWorks teaming centers:**

**TechWorks** teaming centers are perfect for bringing teams together, offering large workspaces to spread out and efficient storage solutions to keep everything organized.

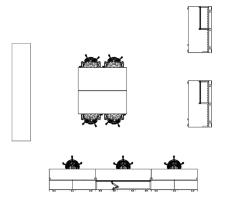

#### **TechWorks desking:**

Tools and technology are foundational elements in the creation of "Maker Spaces". **TechWorks** allows students to organize and display the things they need to succeed.

#### **TechWorks bench:**

**TechWorks** workstations feature lockable bins, shelving, and wire management solutions, offering secure storage and organized workspaces to keep everything in its place.

#### Lighting:

Integrated lighting options, including height-adjustable or fixed-height overhead LED lights and under-cabinet lights, ensure optimal visibility and comfort for any task.

#### Organization:

Smart materials like whiteboards and pegboards shape work surfaces into an efficient, versatile, and multi-functional design—ideal for sparking ideas and enhancing collaboration in dynamic environments.

#### Flexible seating:

The everyday task chair from utilitarian to modern form. Merging design and function, the geometric shaped back and elongated handle of the **Commute** task chair lends a contemporary style to any space.

#### Wire management:

Stay organized with Cable Channels and Baskets that provide horizontal or vertical wire management.
